EXPERIENCE has demonstrated the fact, that the giving of the Vernilage to children frequently will not onv cause them to grow, but enjoy better health, especially if punny, whether worms are always discharged or not. When suphate of quinine was first introduced as a medicine, it was only used to cure fever, but is now given, and with advantage, in many discases. To some extent this will be the case with the Vermilage. With my facilities in business, I shall be enabled, in future, to put up the accide in large bottless, and cheaper, as well as to article in large bottles, and cheaper, as well as to

Not long since, quite a stout lad, twelve or four teen years od, was complaining of headache, duli-ness, want of appetite, &c., and, as the Veraifage had helped the smaler children so much, his father, as he told me himsef, consided to give him the medicine, which he did, and the day following, about thirty large worms were expeled.

In a family of my acquaintance, who keep my Vermifuge in large sized bottles, it was mistaken at night for castor oi , and a arge tablespoonfi given to a negro boy twelve or fourteen years od, without the least desterious effects. he next

day he discharged more than twenty arge worms. he following statement is from Judge Hot:

Siz-Your advice to give the Vermifuge to chidren whenever they seem to be august or drooping, we find excelent. In twenty or thirty cases in my family it has been given sometimes causing a large quantity of worms to be expeled, and at other times few or none. I have marked the fact, that when it was given, chidren were some relieved whether worms were aways discharged or not, be-

whether worms were aways discaurged or not, besides becoming more healthy afterwards.

In my neighborhood your Vermituge has been
much used—at one house I found three children,
sick, two with a high fever and the other had a dark
or livid appearance, with difficult breathing, and
seemed to be at the point of death. a them all we gave the medicine, and soon all began to discharge orms, in one or two cases enormously, I learned, and were suon well. I saw, by request, at another house, a child two years old, very much depressed, indeed, which was soon relieved by taking the Ver-mifuge, and discharged a large number of worms.

NA LANE'S VERMIFUGE.—To Messre. Kild & Co. Druggists carner of Wood and Fourth street. Pittsborgh, belongs the honor of being induced the incentor of this great temedy to offer it to the pudie. This he has done though them and tions, the same pared to furnish every thing to his has now been before the public for more than a year, has at the very lowest prices, and always served up. It has been introduced into all sections of the Union the next style.

Among the articles which he keeps on hand manoctored by himself, or which he is constantly renever be without a supply. We add the following from hundreds of similar testimenials:

"Howard, Struzes Co. Kv. Sept. 6, 1847, fuce and can recommend it as one of the best medi-cines for wormes we have ever had. Dr. M'Lanes Vermifage never has failed to produce the desirefact J. ALLEY & Co."
